Product:
- SL 4/5 - #4 or #5 rebar
- SL 6/7 - #6 or #7 rebar
- SL 8/9 - #8 or #9 rebar (#9 is 1 ⅛" o.d. nominal, 1.27" actual)
- SL 11 - #1 rebar (1 ¼" o.d. nominal, 1.41" actual)

Packaging:
200 pieces per box

SPYRA-LOX® Rebar Lap-Joint Tie
No tools. Eliminates cumbersome procedure of tying lap-joined rebars together in reinforced walls. Increases worker productivity. Reduces lifting-height of block over rebars. Flow-through design allows grout to uniformly encase rebars at overlap.

Wire (Carbon Steel):
- Cold-drawn steel wire conforming to ASTM A 82:
  - Tensile Strength - 80,000 p.s.i.
  - Yield Point - 70,000 p.s.i. minimum

Finish:
- Mill Galvanized - ASTM A 641

Blok-Lok manufactures steel wire products from a minimum of 95% post-consumer recycled material.
