Adjustable Flex-O-Lok - Type A

Flex-O-Lok® Type A is a wire weld-on anchor for adjustable ties.

Dimensions:

1/4" (6.35 mm) diameter wire x 7" (178 mm) long

Wire:

1/4" Diameter Wire
Carbon Steel (Brite) per ASTM A82, CSA G30-3
Stainless Steel per ASTM A580

Packaging:

100 pieces per box

Note: Adjustable ties are recommended as a veneer or cavity wall tie to connect to structural steel.

Blok-Lok manufactures steel wire products from a minimum of 95% post-consumer recycled material.

Finish:

- Brite per ASTM A82, CSA G30-3
- Stainless Steel Type 304 per ASTM 167

Note: Blok-Lok recommends Stainless Steel for maximum protection against corrosion.
